

HP Compaq Business Notebook nx9010

Your next desktop in a space-saving mobile design

The HP Compaq Business Notebook nx9010 provides true desktop performance and flexible connectivity in a space-saving mobile design. This all-in-one notebook packs the features necessary for maximum productivity in a mobile form factor.

True desktop performance that maximises productivity:

The HP Compaq nx9010 is ideal for the user who wants true desktop performance in a space-saving mobile design.

- Get all the power you need to run the most demanding high-end application with powerful Intel® Pentium® 4 processors or Intel® Celeron® processors
- Work with a large and brilliant 15-inch XGA display with 1024 x 768 resolution
- Achieve impressive graphics performance with an award-winning integrated ATI® Radeon™ IGP graphics controller (AGP 4x) – user-configurable with up to 64 MB of Double Data Rate (DDR) SDRAM
- Obtain quick access to large files with 30 or 40 GB hard drives
- Achieve exceptional performance with 266 MHz DDR SDRAM memory – upgradeable to 1 GB

Flexible solutions for growing businesses:

The HP Compaq nx9010 is highly versatile, designed to meet the various needs of growing businesses.

- Stay connected to the network with integrated, LAN and 56K (V.92) modem
- Expand the capabilities of your notebook and simplify cable management with the optional HP Port Replicator
- USB 2.0 and Firewire (IEEE 1394) provide faster connections to external devices such as hard drives and digital cameras – making sharing large files quick and simple
- Benefit from a broad range of expansion ports including infrared, parallel, S-video out, VGA and one Type-II PC Card

Convenient all-in-one design:

The HP Compaq nx9010 notebook is designed for comfort, convenience, ease of use and all-in-one functionality.

- Everything you need is conveniently built in, including a hard-disk drive, fixed optical drive and an integrated 1.44 MB diskette drive. No need to swap drives
- Benefit from smart ergonomic designs, touchpad with on/off switch and dedicated scroll buttons, one-touch access to files and applications with three programmable access buttons
